

A PERFECT COMPLEXION

Cathy A. Presnick, a licensed medical esthetician and the owner of A Perfect Complexion in Viera, was the first to bring crystal-free microdermabrasion to Brevard in 2004 when she was located in Dr. Abe Hardoon's office (Suntree Internal Medicine). She particularly enjoys customizing treatment and product protocols to restore healthy skin for anti-aging and chemotherapy patients. Her passion is working with teens and young adults with acne and acne scarring. Bellus Medical, a large manufacturer of medical supplies located in Dallas, Texas, was so impressed with Presnick's results that they were featured in the company's nationwide advertising campaign, as well as in a segment on Good Morning America in 2014.

Presnick was named IMAGE Skincare International Esthetician of the Year 2017 from a field of 462 professional estheticians from IMAGE Florida coast territory; the award was for excellence in brand management, higher education, business promotion, innovation, results from treatment and product protocols. ✨

“No 'foo foo, feel good' treatments here! Cathy customizes IMAGE products for each client. There is such a difference in my skin. IMAGE is a great, affordable product (compared to what I used to pay for Lancôme). Can't wait to start my skin pen treatments next month!” – J. S.w
